

MARRAKESH CEMENTLAP

A Marrakesh Cementlap mögött egy kis cég, a Marrakesh BT áll, melynek története 15 évvel ezelőtt, egy hátizsákos marokkói utazással kezdődött. Ennek az útnak a mellékhatásaként szerettünk bele örökre a marrakeshi barackszínbe, a tazsin ízébe, a menta-tea illatába, a kézzel készült tárgyak művességébe – és a marrakeshi souk-ban mindenhol jelenlévő cementlapokba.

Cementlapjaink Marrakeshben, a saját manufaktúránkban, hagyományos technológia szerint, teljes mértékben kézzel készülnek. Csak kiváló minőségű alapanyagokkal dolgozunk, lapjaink a legjobb besorolást kapták az ÉMI/TÜV kopásállósági vizsgálatokon is.

Mintáink egyrészt a klasszikus, 19. századi francia és mediterrán minták, amelyeket friss, egyéni színváltozatokban is kínálunk. Emellett természetesen modern, geometrikus, arabos és retró motívumaink is nagy számban vannak a kollekcióban .

Célunk, hogy ezeket a gyönyörű régi burkolatokat minél többen fedezzék fel maguknak, hogy minél több lakásban, teraszon, étteremben és kávézóban szerezzenek vizuális örömet – mindenkinek, aki csak rájuk néz.

Ez a katalógus csak egy kis ízelítőt nyújt kínálatunkból, a teljes kollekció honlapunkon tekinthető meg.
